

## 2023 CONCERT MAKEUP

2022 grades  
Kindergarten  
Year 1-6

Tinted moisturiser mixed with foundation that matches your child's skin tone. Blend down the neck.

Bronzer can be used to add definition under the cheek bones, jawline and across forehead and tip of nose.

Pink blush on apples of the cheek.

Brown eyeshadow

A little Black eyeliner on bottom or outer lids - please don't over do it. But when used well this can be a great way to help the eyes stand out on stage.

Black mascara

Please find the balance between enough makeup for your child's faces to be seen on stage but not over the top where they look like a clown or it's age inappropriate.
